Dear all,

Happy new year 2015! And many thanks for your continued and excellent work on IARC Monograph Volume 112. Matt Ross wins the prize for the first to have completed all Section 4 assignments — thank you Matt!

We'd like to convene a Section 4 teleconference next month, to discuss progress and preliminary findings of the epidemiology (Section 2) and animal bioassay (Section 3) reviews. **Please complete this doodle poll:** <http://doodle.com/n8xwy3tznqzpia6m>. Preference will be given to the late afternoon/evening Lyon time slots in the hopes of including Lauren.

In the interim, I'll notify you of peer review assignments on the received drafts. I'll also notify you when peer review comments on your own draft sections are available. Revisions are due prior to the in-person meeting.

Best regards from Lyon,
Kate
